

CHARGES FALL TO THE GROUND

Representative Lilley of Connecticut Scorched in Committee Report.

LIABLE TO EXPULSION
ELECTRIC BOAT COMPANY IS FULLY EXONERATED.

Washington, May 20.—The conclusions of the special committee which has been investigating the charges of Representative Lilley of Connecticut, that members of the house had been improperly influenced in connection with submarine torpedo boat legislation, that Mr. Lilley had violated his obligations as a member and had acted in bad faith with the committee and in contempt of the house, were sustained today by the house by a vote of 157 to 82. Five hours of the session were devoted to the case, four of which were consumed in reading the report.

The Connecticut members joined in voting against the resolution by which the house adopted the conclusions of the committee as its own. Mr. Williams of Mississippi denounced Mr. Lilley as being guilty of treason, for which he said he should be expelled. It was a noticeable fact that the five members of the special committee, Messrs. Boutwell, Olmsted, Stevens, Broussard and Howard, sat together throughout the proceedings, and that none of them submitted any remarks in connection with the report.

Conclusions Reached.
The conclusions reached as the unanimous act of the committee follow:
First—That house resolution 28, introduced by Mr. Lilley, was an impotent resolution and no evidence could have been compiled thereunder, and that this investigation required the adoption of house resolution 28 of the committee on rules, under which the inquiry has proceeded.
Second—That Mr. Lilley's resolution was not introduced in good faith.
Third—That Mr. Lilley had no information to justify his charges made before the committee on rules.

Acted in Bad Faith.
Fourth—That Mr. Lilley acted in bad faith in making his charges before the committee on rules.
Fifth—That Mr. Lilley acted in bad faith in stating before this committee that he had made no charges reflecting upon members of the house before the committee on rules.
Sixth—That Mr. Lilley allowed himself to be used as an instrument of the Lake Torpedo Boat company in its rivalry and attack upon a competing company.
Seventh—That Mr. Lilley's real object in introducing his resolution and making his charges was the same as the purpose of the propaganda of the Lake Torpedo Boat company, namely, the defeat of the clause in the naval committee's bill relating to submarines.

Concealed the Facts.
Eighth—That Mr. Lilley acted in bad faith in concealing from your committee the real parties in interest who were behind this investigation and furnishing him with information and evidence.
Ninth—That the charge that the four battleships proposition was defeated by the adoption of the submarine clause in the naval committee's bill was false; that Mr. Lilley, as a member of the naval committee, knew that the charge was false, and that he refused to maintain the charge before this committee.
Tenth—That Representative Lord was made the object of anonymous charges that were without any foundation in fact.
Eleventh—That Mr. Lilley violated his obligation as a member of this house in formulating and urging before this committee the groundless charges against Representative Lord.

Contempt of the House.
Twelfth—That Mr. Lilley acted in contempt of this house in destroying the forged letter from Webster to Edinboro instead of delivering it to this committee.
Thirteenth—That Mr. Lilley violated his obligation as a member of this house in permitting his clerk to send out letters in Mr. Lilley's name reflecting on the honor and integrity of members of this house.
Fourteenth—That Mr. Lilley acted in contempt of this house in not disavowing openly upon the floor of the house the letter to Goff, published over his signature, reflecting upon the honor and integrity of members of this house.
Fifteenth—That no official of the navy has been induced by the officers of the Electric Boat company or any one else to act in his official capacity from corrupt or improper motives.

Charged With Falsehood.
Sixteenth—That Mr. Lilley's charge of excessive profits in the submarine contracts was based on fictitious figures, composed by an agent of the Lake Torpedo Boat company, in violation of the testimony of Admiral Bowles in 1897.
Seventeenth—That the charge that an excessive profit in the submarine contracts was due to special legislation in favor of one company was false, and Mr. Lilley knew that the charge was false when he made it.
Eighteenth—That no representatives of the press have been bribed or corrupted by the Electric Boat company.
Nineteenth—That no member of the committee on naval affairs has been induced by the officers of the Electric Boat com-

pany or any one else to act in his official capacity from corrupt or improper motives.
Twentieth—That no member of this house has been induced by the officers of the Electric Boat company or any one else to act in his official capacity from corrupt or improper motives.

Loud Not Bribed.
Twenty-first—That the two attorneys employed by the Electric Boat company in the districts of members of the naval committee and remote from business of said company did not exercise a corrupting influence upon either Mr. Lilley or Mr. Lord, in whose districts they lived.
Twenty-second—That no campaign or other contributions were made by the Electric Boat company to any member of this house or to any campaign committee or fund of any political party.
Twenty-third—That Mr. Lilley has sworn repeatedly, including his last appearance before this committee, that he had no further suggestions, facts or sources of information, and that he had withheld from the committee nothing that would tend to sustain his charges.
Twenty-fourth—That Mr. Lilley has sworn that he had no further suggestions, facts or sources of information, and that he had withheld from the committee nothing that would tend to sustain his charges.

Report Adopted.
The reading of the report occupied four hours' time. It was the longest document presented before the house this session, and put the two reading clerks to a severe test of their vocal powers. Upon the conclusion of the reading, Mr. Payne, the majority leader, offered a resolution approving the report and its conclusions, and adopting them as the conclusion of the house.
Mr. Higgins of Connecticut, a colleague of Mr. Lilley, announced that the delegation from that state would vote against the resolution.

Denounced by Williams.
Following a statement by Mr. Payne that the committee was justified in its report and conclusions, Mr. Williams of Mississippi, the minority leader, denounced Mr. Lilley as being guilty of treason. "The very worst form of treason to a government like ours," he said, "is corrupt practice on the part of a representative of the people." He maintained that any member of the house guilty of corrupt practice was an enemy of the people themselves, "not only an enemy, but a traitor." Such a member, he declared, was not a gentleman, for, he said, no gentleman betrays a trust.

Lilley Guilty of Treason.
"The very worst form of treason to the people," he exclaimed, "is to stigmatize as being guilty of corrupt practices fellow representatives of the people who are not guilty of the charges. He said he had no hesitation in saying that such a man ought not to be allowed to remain a member of the house. The committee contemplated, had acted very leniently with Mr. Lilley, but he was sorry to observe that the Connecticut delegation did not seem to appreciate that fact."
Mr. Williams presumed that the reason that the committee did not recommend expulsion was because Mr. Lilley was sick. "No man," he said, "ought to be arraigned and visited with a heavy penalty without opportunity to be heard," and he felt that was the reason the report had not been carried to its logical conclusion.

Tired of Degradation.
Raising his voice to a high pitch, Mr. Williams exclaimed:
"I am tired of the degradation of the representatives of the people. I am tired of my own association with that degradation."
If had, he declared, reached the point that simply because a man had been elected by the people to fill a place on the floor of the house he at once became a suspect.

Following an unsuccessful attempt by Mr. Parsons of New York to obtain a postponement of action on the resolution until the next session, the resolution was adopted, yeas 157, nays 82, "present" 36. It was an unopposed vote.

More from the New England States.

If any one has any doubt as to the virtue of Foley's Kidney Cure, they need only to refer to Mr. Alvin H. Stumpp of Willimantic, Conn., who, after almost losing hope of recovery, on account of the failure of so many remedies, finally tried Foley's Kidney Cure, which he says was "just the thing" for him, as four bottles cured him completely. He is now engaged in well and free from all the suffering incident to acute kidney trouble. P. J. Hill Drug Co., "The Never Substitutors."

MONEY CAUSE OF TRAGEDY

Orphan of Rachael Blaikie, Who Was Engaged to Marry the Elder Sterry.

New York, May 20.—Miss Rachael Blaikie, the young woman whose engagement to marry George E. Sterry was one of the causes of yesterday's double tragedy when George E. Sterry, Jr., shot and killed his aged millionaire father and then committed suicide, is seriously ill at her home in East Orange, N. J., today.

"Money was the cause of this whole terrible affair more than anything else," she said, after the news of the tragedy had been taken to her.
"I suppose George feared that I would receive some of his father's money, but I want to say that I would rather George had every penny of his father's money than to have either of them harmed. I wish I could have told him before it was too late that it was because of the money I had been unwilling to marry his father."

FOR PIMPLES, TOO.

New Discovery Cures Eczema and Eradicates Minor Skin Troubles Over Night.

A few months ago the dispensers of poslam, the new discovery for the cure of eczema, decided to allow the druggists of the country to handle it. Previous to that time it could only be obtained direct from the laboratories.

Since this change in the method of distribution, poslam has met with the most phenomenal success of anything introduced to the drug trade in the last thirty years. All leading druggists, including the F. J. Hill Drug Co. in Salt Lake City, are now carrying the special 50-cent size recently adopted, also the \$2 jar.

This great success is not surprising when it is remembered that, in eczema cases, poslam stops the itching with first application, proceeds to heal immediately, and cures chronic cases in a few weeks. In minor skin troubles, such as pimples, blackheads, acne, herpes, blotches, rash, etc., results show after an overnight application. Experimental samples of poslam are sent to anyone by mail free of charge, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.
